

Year One iPad Rules

Our rules help us to stay happy and safe using the iPads

- When using the iPad with a teacher I will only use the app I am asked to use.
- I can use the iPads with permission when it is my turn to plan.
- I will not click or tap anything that I do not understand.
- I will always be careful with the iPads and other ICT equipment.
- I will take turns with other children.
- If I break these rules I will not be able to use the iPads when I am planning.
- If I see anything that upsets me, or something I don't understand I will press the screen off button and tell an adult.
